This gorgeous traditional Queenslander is set over 2 levels with multiple living spaces, an enormous rear deck that overlooks the expansive grounds, lagoon style pool and rear private bungalow. Upstairs the floor plan is spacious and comfortable with two large bedrooms positioned side by side and expansive living room with wrap around veranda at the front.

You love spending your time to the rear of the home with the sitting and dining rooms and kitchen ideally positioned to service the large entertaining deck.

Downstairs provides a huge rumpus + two bedrooms both with built ins. This area is ideal as a home office, teenage retreat or home office. Downstairs also includes a kitchenette and bathroom which adds to the fantastic area.
